

Hokum

Hokum plays metal. Metal that is progressive, technical and straightforward at the same time. As contradictory as it may sound, you have to experience one of their gigs or some tracks from their four available CDs to truly understand. Thrash metal meets progressive rock, groove meets polyrhythm, harmonies meet dissonances. Hokum is metal.

Facts:

- Four released CDs, most recent one "The Creation Of Pain" via GoodDamn Records in 2011
- Several pro-shot "live in the studio" videos
- Collaboration with German television entertainer Harald Schmidt to advertise his show in 2012
- More than hundred gigs in Germany, Austria and the Czech Republic
- Support shows and festival appearances with Napalm Death, Unleashed, Madball, Crowbar, Gorefest, Tankard, Communic, Obscura, Dew-Scented, Cataract, Die Apokalyptischen Reiter, Turisas, Onkel Tom, Debauchery, Cliteater, Fleshless, Akrea, RPWL and more
